

COMS 5070: Homework 0

Akhil Kumar Yerukala

August 28, 2025

1 Introduction

I am Akhil Kumar Yerukala, a Computer Science major passionate about AI and its potential to transform industries. My dream is to become an AI engineer and eventually build my own company, focusing on creating cutting-edge technologies that make a real difference. I'm eager to gain hands-on experience and work on projects that push the boundaries of what's possible in tech.

2 Math Example

Here is a simple equation:

$$E = mc^2$$

3 My Favorite Equation

My favorite equation is the *Binomial theorem*:

$$(x + y)^n = \sum_{k=0}^n \binom{n}{k} x^{n-k} y^k$$

4 My Goals

Ways this course can help me reach my long-term goals:

- **Formal specification & verification:** Gain the skills to define and validate system requirements, crucial for building reliable AI systems in safety-critical applications.
- **Model checking & validation:** Learn to apply tools for verifying system correctness, essential for ensuring the integrity of autonomous AI technologies.
- **Critical Problem solving:** Strengthen my ability to tackle complex challenges, a key skill for both AI engineering and launching my own tech company.

5 My Favorite Things

Here is a table of some of my favorite things:

Category	Favorite
Food	Pani Puri
Book	The Alchemist, Paulo Coelho
Movie	Pursuit of Happiness
Hobby	Travel
